

## Addendum to the Customer Agreement

This Addendum to the Customer Agreement (see <https://firstmile.com/terms&conditions>) is to set forth terms regarding the tendering and shipping of Hazardous Materials with FirstMile, effective as dated below

### Hazardous Materials Attestation

I, the undersigned Customer, hereby acknowledge and agree to the following obligations regarding the shipment of Hazardous Materials (also referred to as Dangerous Goods or HazMat) through FirstMile:

1. **Approval Requirement:** I understand and agree that I am not permitted to ship any Hazardous Materials through FirstMile unless:
  - The materials have been fully disclosed in writing,
  - Reviewed by FirstMile, and
  - Explicitly approved by FirstMile in writing prior to tender.
2. **Ground Service Limitation:** I acknowledge that any Hazardous Materials or Dangerous Goods approved by FirstMile may only be shipped via Ground service. No air or expedited methods are permitted under any circumstances.
3. **Prohibited Shipments:** I agree not to tender any Hazardous Materials to FirstMile under any conditions, including those that have been prepared in compliance with applicable regulations, unless they have been expressly approved in accordance with section 1 above.
4. **Regulatory Compliance:** I understand that compliance with governmental regulations—including, but not limited to, the IATA Dangerous Goods Regulations (DGR), Title 49 of the Code of Federal Regulations (Parts 100–185), and U.S. Postal Service rules—does not substitute for FirstMile’s explicit written approval.
5. **Consequences of Violation:** I acknowledge that any violation of the above terms may result in immediate suspension or termination of shipping services with FirstMile, without liability to FirstMile and without constituting a breach of contract by FirstMile.
6. **Liability for Costs:** I accept full responsibility for any and all costs, fines, penalties, or damages incurred as a result of improperly tendering Hazardous Materials to FirstMile.
7. **Responsibility for Compliance:** I affirm that I am solely responsible for the accurate identification, classification, packaging, marking, labeling, and documentation of all Dangerous Goods, in full compliance with applicable laws and regulations, as well as any additional requirements communicated by FirstMile during the approval process.

## Nine Classes of Hazardous Materials

<b>Class 1: Explosives</b> Divisions: 1.1, 1.2, 1.3, 1.4, 1.5, 1.6 	<b>Class 2: Gases</b> Divisions: 2.1, 2.2, 2.3 	<b>Class 3: Flammable Liquid and Combustible Liquid</b> 	<b>Class 4: Flammable Solid, Spontaneously Combustible, and Dangerous When Wet</b> Divisions 4.1, 4.2, 4.3 	<b>Class 5: Oxidizer and Organic Peroxide</b> Divisions 5.1, 5.2 
<b>Class 6: Poison (Toxic) and Poison Inhalation Hazard</b> 	<b>Class 7: Radioactive</b> 	<b>Class 8: Corrosive</b> 	<b>Class 9: Miscellaneous</b> 	<b>Dangerous</b> 

Revised 04/13

Federal Motor Carrier Safety Administration
